Caving/Canyoneering/Hike

Extreme Night Hike Description

This night time adventure is sure to be a camp highlight for everyone that participates. After the sun goes down, the trip begins with a 5 ton military truck coming to your camp. Everyone loads up and we hit the non-paved trails with stars above, and Alabama clay below. After about 15 minutes of off road action, we get geared up with helmets and headlamps. From here we descend down into what camp staff calls "The Penitentiary" for some caving and canyon exploration. The group must work together as they conquer some challenging obstacles and discover some unbelievable terrain. Participants must brave their way down and out of the penitentiary where the hike goes from rock wall confined trails to open forest. Everyone is sure to have encountered a wide variety of critters and natural wonders along the way. Each participant will need to provide a signed individual hold harmless agreement before the hike, and all participants must be able to climb, jump and crawl. Wear clothes that can get dirty!

Participants 10-55

There is a 55 participant limit per trip due to equipment, transportation, and safety for this activity.

Cost \$15

Each participant's cost is to cover fuel, equipment, and guide fee's associated with this late night excursion
